SENSORY PLAY

SENSORY PLAY EVERY THURSDAY
10:00-12:00 @ C/GRANADA 53
0 - 3 YEARS

Our Sensory Play sessions are cosy and welcoming, and this group will give you a unique chance to share your experiences with lots of other people who also have little ones at home.

Our new children's centre offers a calm, quiet and relaxing area, which has been designed to help your child's sensory development. It's also a great place to interact and bond with your child, whilst meeting other like minded parents.

At Messy Play we are taking Sensory Play one step further. By incorporating the use of different textures such as sand and wet textures, to encourage children to develop their skills through play. Children will be encouraged to use hands, fingers, feet and toes to do so.

Hosted in a friendly and welcoming environment, our sensory sessions are beneficial for both adults and infants, providing you with a relaxing and calm space where your little one can explore and feel safe, whilst also offering a great opportunity to spend some time with other parents, socialise and enjoy the therapeutic effects of the space.

Each workshop provides age appropriate activities with uniquely adapted play zones. It can be adapted to a wide range of child abilities as and when needed.

Come and enjoy in a friendly and relaxed environment with a hot drink, and give your little one the chance to interact with others too!

The benefits of sensory play are countless and their therapeutic efficacy is amazing too!

**Workshop time - 10:30-11:30
We leave 30 minutes either side of the workshop to allow you enough time to get ready, drink coffee or feed little ones.
